

**Amendments to the Specification:**

The specification is amended herein because the drawings were objected to because they include the reference character(s) not mentioned in the description. To amend the specification, please replace the originally filed paragraph (0046) with the following amended paragraph (0046), provided in both marked-up and clean form for Examiner's convenience.

Marked-up Form

[0046] Specialized plots, as modified by the simulator 18 may be produced as indicated at 32, for providing preliminary estimates. 3D displays may be generated as indicated at ~~32~~34. The optimized performance plots are generated at 36.

Clean Form

[0046] Specialized plots, as modified by the simulator 18 may be produced as indicated at 32, for providing preliminary estimates. 3D displays may be generated as indicated at 34. The optimized performance plots are generated at 36.
